2016 Most Improved Compact Sales
2016 Most Improved Overall Sales**

On September 20th, 2016, during Wacker Neuson's Annual Dealer Summit, The Pro Group, based out of Waltham, MA, was presented with the United States Most Improved Overall Sales Award, as well as the award for Most Improved Compact Equipment Sales. The criteria for each award centered on the dealer that achieved the greatest percentage year-over-year growth. The pool consisted of 106 U.S. Contracted Dealers, and was limited to those whose sales were in the Top 50% of the group.

The Pro Group achieved a significant increase of over 725% in Compact Equipment Sales, and over 350% in Overall Sales. A tremendous achievement!

The Pro Group has been a Wacker Neuson Contracted Dealer since 2011, and a Light Equipment Dealer for many years prior.

We thank you for being a valued Wacker Neuson Dealer, and congratulate you on your significant achievement.

Sincerely,
